Scheduling your appointment

All patients are seen by appointment. We make every effort to reserve adequate time for each patient to assure quality medical care and minimal waiting time. However, emergencies and appointments that take longer than expected may cause delays and we appreciate your understanding.

If you must cancel your appointment, please call as soon as possible and at least 24 hours in advance so that another patient may be served during your scheduled time.

Dedicated to providing excellent care, reliable service and timely response to referring physicians, their patients and parents since 1978.

Preparing for your appointment

We have provided the following suggestions to help you get the most from your appointment.

Make sure that your questions get answered and that you understand the answers. It's a good idea to make a written list of your questions and the answers you get.

To avoid delays, be sure that any required referral from your primary care physician has been sent to the practice. If your physician has provided a referral form, please bring it with you.

Make sure that you have any records or information that you have been asked to bring with you.

We encourage you to read carefully and thoroughly the information contained in this brochure to help you better understand the services and policies of the practice.

Please call the Patient Accounts Department at the number below if you need more information, or to make payment arrangements.

PASA provides a full range of pediatric and adolescent surgical care services.

Welcome to PASA

On behalf of our entire medical and support staff, welcome to Pediatric, Adolescent Surgical Associates, P.C.

PASA has been delivering excellent surgical care and consultations to prenatal, pediatric and adolescent patients since 1978.

We appreciate the deep concern that a parent experiences when their child is ill and we want to assure you that our goal is to always be responsive to those concerns.

We have six Board Certified surgeons to serve the needs of patients for surgical treatment of common childhood conditions as well as complex conditions requiring highly specialized surgical procedures.

Hospital Privileges:

Our Doctors have hospital privileges at:

- Children's Healthcare of Atlanta at Scottish Rite and Egleston
- Northside Hospital
- They are also on staff at most other hospitals in the greater Atlanta area for patient consultations.

Making the most of your visit.

Our goal is to make your office visit as smooth and trouble-free as possible. Here are some things that you can do to help us serve you better.

Referral. If your insurance plan requires a referral for an office visit or for surgery, please make sure that the referral is in our office at least 24 hours prior to your appointment.

Insurance Claims. Be sure that you understand your insurance coverage. PASA will file your claims for you; however, you are ultimately responsible for the costs incurred for your medical services. Some insurance plans require pre-certification before receiving certain outpatient services, and if pre-certification is not obtained, you may be responsible for charges. Deductibles and charges not covered by your insurance company will be billed to you monthly. Please visit our website for a list of PASA's insurance contracts: www.pasapc.com.

Deposits. Deposits are required prior to the scheduled date of surgery for services not covered under a patient's insurance plan and for any procedure if a patient has no insurance coverage.
